Each summer, the IDSC fields teams from Under 6 to Under 18 at various levels of skill including local league, house league and competitive league play.

Our primary goal is to make certain the more than 550 annually registered players enjoy a successful season.

We are actively seeking volunteers to fill a variety of positions on the Board for 2011 in order to ensure another season of fun and fitness for the girls and boys of our community.

Please consider joining our team.
